PRODUCT DESCRIPTION

Light Attack Driver

A landscape luminaire driver with an IP20 rating for indoor applications and adjustable drive currents. This driver provides flexibility and ease of installation. Plus, the ability to select five lumen levels without using a dimmer ensures precise light control and makes it an easy and efficient choice for a variety of landscape lighting projects.

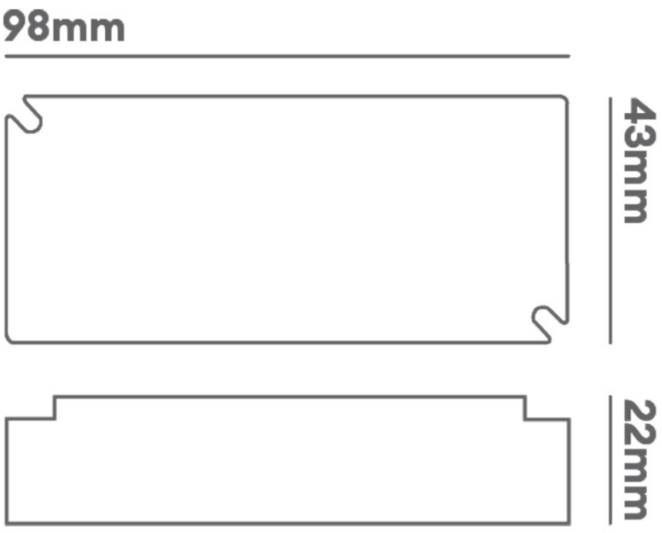

For use with the **GYP-1 Plaster-In Light**, **GYP-3 Plaster-In Light** , **GYP-Line 1 Recessed Ceiling Light** and the **IONA Recessed In-Floor Light**.

150mA, 250mA, 350mA, 500mA & 700mA selectable settings through dip switches.

Must be wired in series.
