PRODUCT DESCRIPTION

Designer: Verner Panton

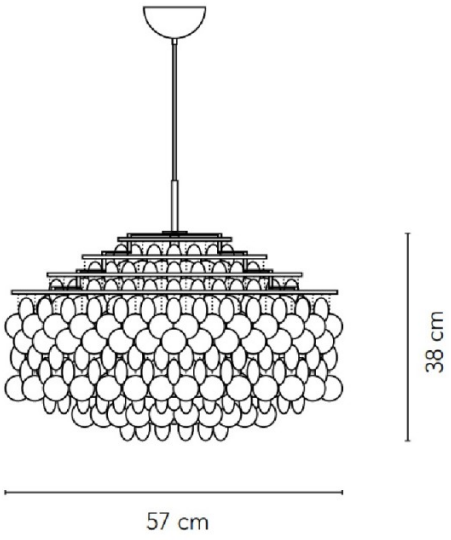

Verpan Fun 10DM Pendant

The Verpan Fun 10DM Pendant is part of the iconic **Fun Collection**, designed by Verner Panton in 1964. Crafted from mother-of-pearl discs suspended by stainless steel rings, Panton created the Fun 10DM to kindle joy and “a wealth of stories”. As air circulates through the shade, the discs create a soft chiming noise, combining light, movement and sound.

When switched on, the Fun 10DM Pendant produces a warm, ambient glow. The seashell discs conceal the light source for glare-free and comfortable lighting. The Verpan Fun 10DM Suspension offers an elegant and sophisticated aesthetic to residential and commercial interiors, suiting installation above dining tables, in living areas, or in entrance halls.
