PRODUCT DESCRIPTION

Designer: Centrelight

Centrelight Mae Suspension

A beautiful oversized Suspension light, available with red, white, cream or black translucent ribbon effect shade, the Centrelight Mae makes a statement no matter where it is installed. Each variation utilises an iron structure with a cotton shade and a polycarbonate diffuser. The result is a striking, yet elegant, luminaire that provides both functional downlighting and general illumination to your interior.

The Centrelight Mae Suspension is ideal for large spaces in the hotel, hospitality, leisure and education industries, but can also be utilised in residential interiors. This lighting solution is available in three sizes, which can be installed together to create dramatic installations.
