Foscarini Birdie Floor Lamp

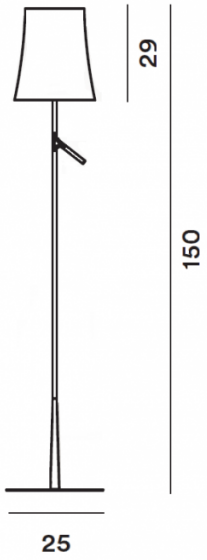

The Foscarini Birdie Floor Lamp is part of the Foscarini Birdie collection, a range by designers Ludovica and Roberto Palomba. The collection is defined by its playful character, having a branch coming out of the lamp's stem as if a bird is about to sit on it. The lampshade exhibits a classic form and has an inner diffuser to produce a soft glow. The Birdie floor lamp comes with a choice of 3 finishes, so you can find the colour to match the atmosphere and design scheme of your space.

This floor light is suitable for many settings, providing light to create a warm ambience and to have as a piece of functional decoration. The sleek, modern design and the unique character make the Birdie floor light not one to miss and will not disappoint in whichever room you choose to put it in.

This floor lamp is available in a dimmable LED version. Please click here to find out more.
