PRODUCT DESCRIPTION

Designer: Matteo Thun

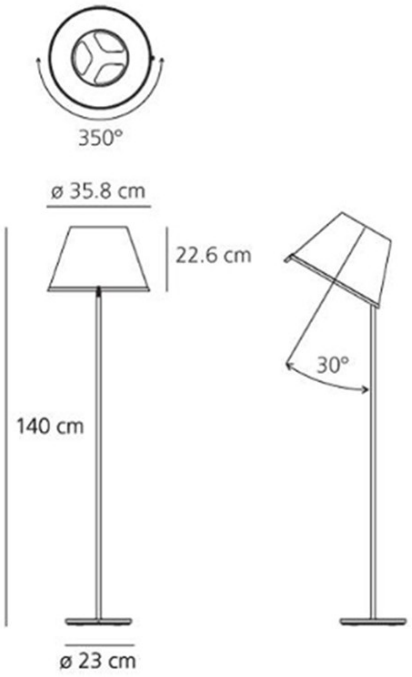

Artemide Choose Floor Lamp

A perfect choice for ambient yet functional illumination, the Artemide Choose Floor Lamp harnesses the same silhouette and materials as the rest of the collection. Fitted with a polycarbonate transparent diffuser, to which you insert a parchment or white paper insert as a decorative membrane, the Choose floor lamp can be tilted to the side by up to 30°, allowing you to adjust the light direction. This personalisation, as well as the materials chosen, results in a diffused and direct light that adds warmth to any room.

While the illumination of the Choose Floor Lamp is non-dimmable, the cable offers an easily accessible on/off switch. The range also includes a table lamp, a wall light, a pendant light and a mega floor lamp. A great companion toliving rooms, dining rooms, bedrooms and spaces in the commercial sector such as restaurants, bars and hotels.
