## PRODUCT DESCRIPTION

**Designer:** Tobia Scarpa

### Flos Ariette Wall / Ceiling Light

The Ariette wall/ceiling light consists of an innovative textile made of glass fibre-reinforced polyamide, which is kept together by means of a rod assembly without using any bolts. This creates the square, slightly curved shape of the lumi,naire gaining its organic and airy nature. The Ariette wall/ceiling light provides a warm, soft and diffused ambience, and the choice of two sizes makes the Ariette compatible with all ceiling heights and a wide variety of rooms.

The designer, Tobia Scarpa, has been working with Flos since the 1970s and has created several stunning collections during his time with the brand, such as the Foglio, Biagio and the Cocoon Fantasma. The Ariette wall/ceiling light remains one of Scarpa's signature stand-out products, combining unusual design with earthy materials to create a wonderful sense of ambience in the home.

## PRODUCT SPECIFICATION

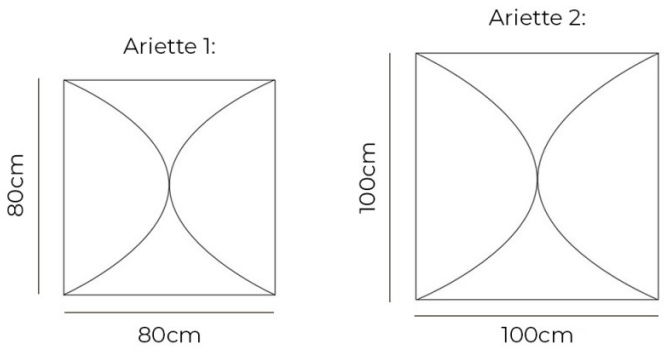

**Light Source:** 4 x Max 11.5W E27 LED (excluded)

**IP Code:** 20

**Dimming:** Dimmable via mains phase dimming.

**Dimensions:** **Ariette 1**:
