PRODUCT SPECIFICATION

Dimensions: Full Height: 106cm
Seat Height: 51cm
Depth: 57cm
Width: 48cm

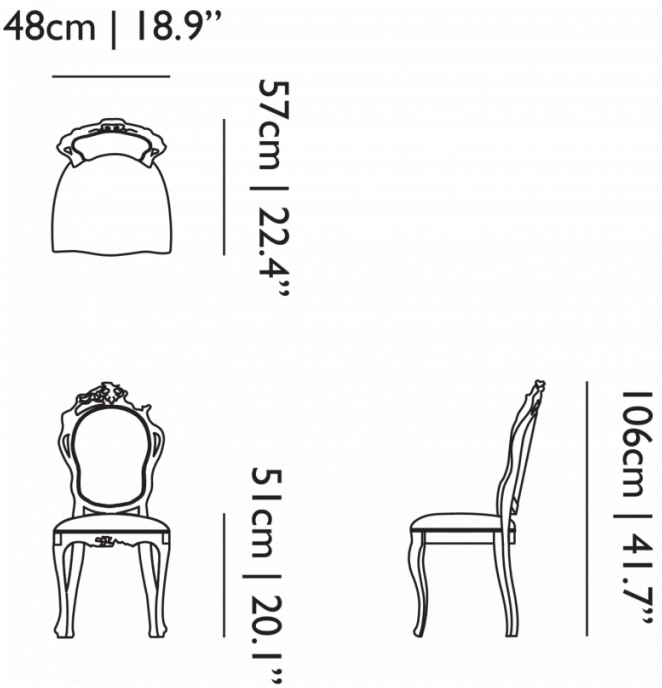

PRODUCT DESCRIPTION

Designer: Maarten Baas

Moooi Smoke Dining Chair

The Smoke Dining Chair is a stunning and unique piece designed by Maarten Baas as part of his graduation project. Baas captures the beauty and character of burned wood in a long-lasting material. Each frame is set on fire before being treated in a thick epoxy resin to maintain its structural integrity and enchanting texture. The seating is coated in a flame-retardant foam before being covered in deep black leather.

Since its creation, the **Smoke Collection** has been displayed in museums worldwide, including the Victoria & Albert Museum (UK) and the Groninger Museum (Netherlands). In the home, display the Smoke Dining Chair around a grand dining table, or in a study, to create a comfortable seating area with a gothic element. In commercial spaces, the Smoke Dining Chair is bound to leave a lasting impression, perfect for hotel lobbies or maximalist bars and restaurants.
