PRODUCT DESCRIPTION

Designer: Front

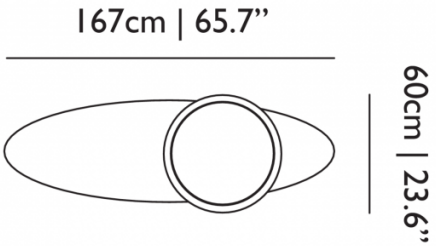

Moooi Pig Table

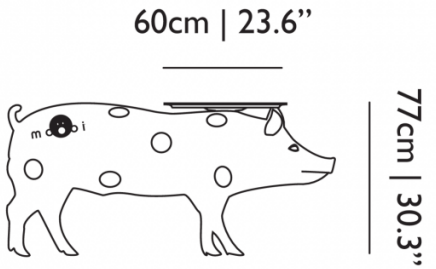

The Pig Table boasts a bold design with a touch of whimsy. The table was created by Front, who admit that people would either love or hate the design. The Pig Table blends artistic expression with functional design. The tray on the pig's back is fully adjustable, allowing users to move it to suit their requirements. The body is created from polyester to ensure durability and a long-lasting lifespan. The deep black finish adds to the contemporary aesthetic and striking nature of the piece.

Inspired by animals, the Pig Table has the same dimensions as its real-life counterpart. Display the table in a sitting room as a functional piece of furniture that will add a bold personality to the room. In hospitality settings, the Pig Table is perfect for hotel lobbies or bars, welcoming guests as they arrive. Display the Pig Table with other pieces from the **Animal Family Collection** to create an installation that is guaranteed to leave a lasting impression.
