PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Superarchimoon Floor Lamp by Flos

This product is an **Offline Only** exclusive, available only to buy from selected authorised Flos dealers. Please [contact us](#) for pricing or to arrange an appointment to discuss this product in our [showroom](#).

The Superarchimoon floor lamp is designed by renowned French designer Philippe Starck. The impressive Superarchimoon provides direct yet diffused light, thanks to its acid-etched hand-blown pressed borosilicate glass internal diffuser paired with a plissé cloth external diffuser. The base and supports are made from aluminium and steel springs, making the Superarchimoon floor light robust and sturdy.

The imposing size of this amazing floor lamp makes it perfect for lighting large spaces, and the super flexible design allows the shade and arms to be moved in any direction. The floor light also comes complete with a dimmer on the cable, allowing light intensity to be adjusted to suit personal preferences.

The Flos Superarchimoon floor lamp is also available as an [outdoor version](#).
