PRODUCT DESCRIPTION

Designer: Front

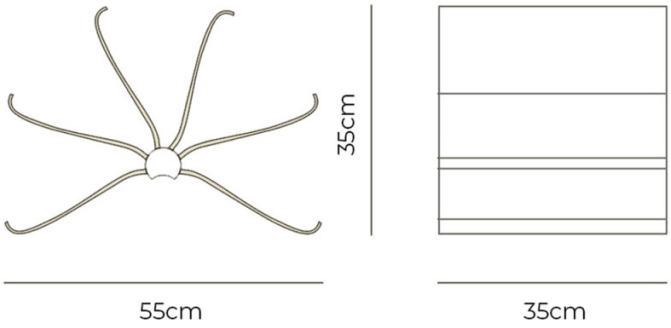

Kartell Front Page Magazine

An eye-catching and functional design by Front, a Swedish design team, the Kartell Front Page Magazine Rack emulates movement and makes an everyday object striking. Like a small windmill, the wings of the Front Page are constantly moving, resembling papers blowing in the wind.

Front Page is available in two classic finishes, either black or crystal, and adds an elegant touch to a range of spaces. More than just a simple storage solution, it can rest by your armchair, in the living room, or by your bed. The rack is transformed into an irresistible interior design item for your home.

PRODUCT SPECIFICATION

Dimensions: Length: 55cm
