PRODUCT DESCRIPTION

Designer: Patrick Jouin

Kartell Thalya Chair

A modern take on the classic chair, Thalya is a simple design with strong graphics. Patrick Jouin designed the chair using transparent polycarbonate, with soft and curvy lines. The chair has rounded edges with hollow legs making it an extremely lightweight, almost ethereal, chair. A special feature of the Thalya is a 'reticular' or diamond pattern all across the backrest and seat.

Thalya chair comes in a crystal/transparent finish and makes a perfect addition to your interior decor. Due to the durability of the chair it can be used in all weather conditions and function both as indoor and outdoor furniture.

Please note that due to packaging restrictions, Thalya chairs must be order in a pair.
