## Oluce Fiore Wall/Ceiling Light

Oluce Fiore Wall/Ceiling Light was created by design duo, Marta Laudani & Marco Romanelli in 2007. Fiore Wall/Ceiling Lights are characterised by a deliberate reference back to the 1970s: "The lamp becomes a flower, the most classic of flowers with a centre and petals radiating around it". Fiore Wall/Ceiling Light is built from chromium-plated metal and transparent mouth-blown glass which gives direction and diffused light.

Oluce Fiore has four different variations of this light: three lights in a triangular shape, three lights in a straight line, one singular light and seven lights which form a flower shape. [Oluce Fiore Collection](#) also includes a suspension version which can be displayed alongside the wall light.
