Oluce Lanterna Pendant

The Oluce Lanterna Pendant Light, designed by Marta Laudani & Marco Romanelli in 1998, offers a perfect blend of traditional and contemporary design. Inspired by classic glass lanterns, the Lanterna Pendant features two layered Murano glass diffusers. The outer transparent diffuser houses an inner sand-blasted diffuser, which softens the illumination to create a warm, diffused glow. This exquisite interplay of materials adds depth and sophistication to the light, making it both functional and decorative.

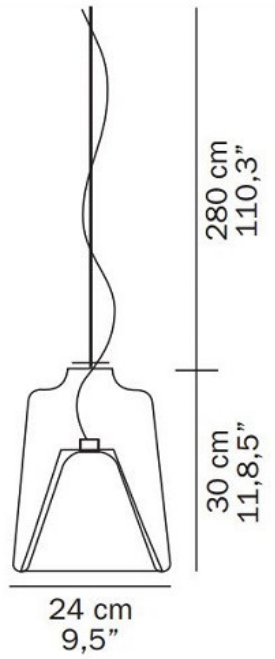

Suspended by a 280cm cable, the Lanterna Pendant Light is versatile and stylish, suitable for various applications. Whether used individually or in clusters, it works beautifully above kitchen islands, dining tables, or as a centrepiece in a living area. The anodized metal structure enhances its elegant form, making it an ideal choice for those seeking refined and timeless lighting solutions.
