PRODUCT DESCRIPTION

Designer: Joe Colombo

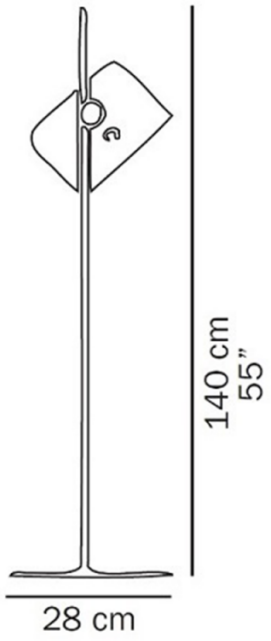

Oluce Coupe 3321 Floor Lamp

The Oluce Coupé 3321 Floor Lamp is another iconic design by Joe Colombo, created in 1967 and recognised with the "International Design Award" the following year. This floor lamp's innovative mechanism allows its head to move up, down, and sideways, enabling precise control over the direction of light. Crafted with a lacquered metal base, a chrome-plated stem, and an adjustable aluminium reflector, the Coupé 3321 embodies functional elegance.

Available in semi-cylindrical and semi-spherical dome variations, the Coupé 3321 is finished in sleek black or white, making it an excellent choice for both residential and commercial interiors. Its timeless design and versatility ensure it will remain a cherished addition to any space.
