PRODUCT DESCRIPTION

Designer: Bruno Rainaldi

Terzani Orten'zia Table Lamp

The Terzani Orten'zia Table designed by B. Rainaldi recalls the natural beauty of a flower and consists of hand-soldered "petals" that emanate a unique illumination - immersing the entire room in a series of glimmering light effects. The spherical shade is available in either a nickel or gold finish and boasts a vibrant red cable for a burst of colour. Thanks to an integrated dimmer along this cable you can also easily personal the output of the light source to create the perfect ambience for your space.

An elegant form compliments the dramatic illumination and allows the Orten'zia Table Lamp to adapt to almost any contemporary space, in both residential and commercial settings. A perfect way to illuminate living areas, bedrooms, hallways and dining spaces for an added touch of luxury.
